**MSIDA LOCAL COUNCIL
STATEMENT OF LOCAL COUNCIL MEMBERS' AND
EXECUTIVE SECRETARY'S RESPONSIBILITIES**

The Local Council (Financial) Regulations, 1993, require the Executive Secretary to prepare a detailed Annual Administrative Report, which includes a statement of the Local Council's comprehensive income for the year and of the Local Council's retained funds at the end of the year. By virtue of the same regulations it is the duty of the Local Council and the Executive Secretary to ensure that the financial statements forming part of the report present fairly, in accordance with accounting policies applicable to Local Councils, the income and expenditure of the Local Council for the year and its retained funds as at the year end, and that they comply with the Act, the Local Councils (Financial) Regulations, 1993, and the Local Council (Financial) Procedures, 1996 issued in terms of the said Act.

The Executive Secretary is responsible to maintain a continuous internal control to ascertain that the accounting, recording and other financial operations are properly conducted in accordance with the Local Councils Act, CAP 363, the Local Councils (Financial) Regulations, 1993, and the Local Councils (Financial) Procedures, 1996. The Executive Secretary is also responsible for safeguarding the assets of the Local Council and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Margaret Baldacchino Cefai
Mayor

Christopher Cutajar
Acting Executive Secretary

MSIDA LOCAL COUNCIL
NOTES TO THE FINANCIAL STATEMENTS
For the year ended 31 December 2015

1. GENERAL INFORMATION

Msida Local Council is the local authority of Msida incorporated in accordance with the Local Councils Act 1993. The office of the Council is at Msida Civic Centre, Pjazza Menqa, Msida. The Local Council's presentation as well as functional currency are denominated in €.

The financial statements were authorised for issue by the Council on the _____.

2. ACCOUNTING POLICIES AND REPORTING PROCEDURES

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

Accounting convention

These financial statements are prepared under the historical cost convention, as modified to include fair values where it is stated in the accounting policies below. These financial statements are prepared in accordance with the provisions of the Local Councils Act (CAP 363), the Financial Regulations issued in terms of this Act and the Local Councils (Financial) Procedures 1996 enacted in Malta and with the requirements of the International Financial Reporting Standards.

These financial statements have been drawn up in accordance with the accounting policies and reporting procedures prescribed for Local Councils in the Financial Regulations issued by the Minister of Finance in conjunction with the Minister responsible for Local Government in terms of section 67 of the Local Councils Act (CAP 363).

New and amended standards adopted by the Local Council

During the year the Council has applied the following International Financial Reporting Standards as adopted by the EU which have become mandatorily effective for the year ending 31 December 2015:

In December 2013, the IASB issued Annual Improvements to IFRSs 2011-2013 Cycle, a collection of amendments to IFRSs, in response to four issues addressed during the 2011-2013 cycle. The amendments reflect issues discussed by the IASB during the project cycle that began in 2011, and that were subsequently included in the exposure draft of proposed amendments to IFRSs Annual Improvements to IFRSs 2011-2013 Cycle (published in November 2012). The issue applicable to the Council included in this cycle is: Meaning of effective IFRSs (IFRS 1). The amendments were effective for annual periods beginning on or after 1 July 2014.

MSIDA LOCAL COUNCIL
NOTES TO THE FINANCIAL STATEMENTS (continued)

2. ACCOUNTING POLICIES AND REPORTING PROCEDURES (continued)

New and revised IFRSs adopted by the EU that are not mandatorily effective for the year ending 31 December 2015:

Below is a list of amendments to IFRSs adopted by the EU and applicable for the Council that are not yet mandatorily effective (but allow early application) for the year ending 31 December 2015. The list below reflects a cut-off date of 31 December 2015:

- Amendments to IAS 1 Disclosure Initiative (effective in the EU for annual periods beginning on or after 1 January 2016);
- Amendments to IAS 16 and IAS 38 Clarification of Acceptable Methods of Depreciation and Amortisation (effective in the EU for annual periods beginning on or after 1 January 2016);
- Annual Improvements to IFRSs 2010-2012 Cycle (effective in the EU for annual periods beginning on or after 1 February 2015);
- Annual Improvements to IFRSs 2012-2014 Cycle (effective in the EU for annual periods beginning on or after 1 January 2016).

Standards and Interpretations issued by the IASB but not yet adopted by the EU

At present, IFRS as adopted by the EU do not significantly differ from regulations adopted by the International Accounting Standards Board (IASB) except for the following standards and amendments to the existing standards, which were not endorsed for use in the EU as at 31 December 2015 and cannot be applied by the entities preparing their financial statements in accordance with IFRS as adopted by the EU:

- IFRS 9 Financial Instruments (issued in July 2014)
- IFRS 15 Revenue from Contracts with Customers (issued in May 2014);

The Councillors are assessing the impact that the adoption of these International Financial Reporting Standards will have on the financial statements in the period of initial application. The Councillors anticipate that the adoption of other International Financial Reporting Standards that were in issue at the date of authorisation of these financial statements, but not yet effective will have no material impact on the financial statements in the period of initial application.

MSIDA LOCAL COUNCIL
NOTES TO THE FINANCIAL STATEMENTS (continued)

2. ACCOUNTING POLICIES AND REPORTING PROCEDURES (continued)

Property, plant and equipment

Property, plant and equipment are stated at cost less accumulated depreciation and impairment loss to date. Depreciation is calculated on a monthly basis using the reducing balance method at rates calculated to write off the cost less residual value of each asset over its expected useful life as follows:

	%
Land	0.0
Trees	0.0
Buildings	3.33% (over term of lease)
Office Furniture and Fittings	7.5
Construction works	10.0
Urban Improvements (street furniture)	10.0
Special Programs (Projects)	10.0
Office Equipment	20.0
Motor Vehicles	20.0
Plant and Machinery	20.0
Computer Equipment	25.0
Plants	100.0
Litter Bins	Replacement Basis
Playground Furniture	100.0
Traffic Signs	Replacement Basis
Road Signs	Replacement Basis
Street Mirrors	100.0
Street Lights	100.0

MSIDA LOCAL COUNCIL
NOTES TO THE FINANCIAL STATEMENTS (continued)

2. ACCOUNTING POLICIES AND REPORTING PROCEDURES (continued)

Gains and losses on disposal of property, plant and equipment are determined by reference to their carrying amount and are taken into account in determining operating profit. The residual values and useful lives of the assets are reviewed and adjusted as appropriate, at each Statement of Financial Position date. The carrying amount of an asset is written down immediately to its recoverable amount if the carrying amount of the asset is greater than its estimated recoverable amount.

Subsequent costs are included in the carrying amount of the asset or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Council and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the Statement of Comprehensive Income during the financial period in which they are incurred.

Related parties

Related parties are those persons or bodies of persons having relationships with the Council as defined in IAS 24. The paragraphs adopted from IAS 24 are paragraphs 25 – 27, being amendments to government related entities' disclosures.

Impairment of Assets

Assets that have an indefinite useful life are not subject to amortisation and are tested annually for impairment. Assets that are subject to amortisation or depreciation are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the carrying amount of the asset exceeds its recoverable amount. The recoverable amount is the higher of the fair value of the asset less cost to sell and the value in use. Impairment losses are immediately recognised as an expense in the Statement of Income and Expenditure.

Leases

Leases in which a significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessor) are charged to the income statement on a straight-line basis over the period of the lease. The Buildings of the Msida Local Council premises are leased for a period of 30 years.

Amounts Receivable

Amounts receivable are recognized initially at fair value and subsequently measured at amortized cost using the effective interest rate method, less provision for impairment. A provision for impairment of amounts receivable is established when there is objective evidence that the Council will not be able to collect all amounts due according to the original terms of the receivable. The amount of the provision is the difference between the carrying amount of the asset in the present value of the estimated future cash flows,

MSIDA LOCAL COUNCIL
NOTES TO THE FINANCIAL STATEMENTS (continued)

discounted at the effective interest rate. The amount of the provision is recognized in the Statement of Income and Expenditure.

2. ACCOUNTING POLICIES AND REPORTING PROCEDURES (continued)

Revenue recognition

Revenue is recognised when the amount of revenue and the associated costs can be measured reliably. Interest income is recognised in the income statement as it accrues.

Payables and Borrowings

Payable and Borrowing Costs are recognised as an expense in the period in which they are incurred. Amounts payable comprise creditor payments, that is, the amounts payable for the procurement of supplies and services. When an invoice or request for payment is received from a supplier, this is checked to the purchase order previously issued or the services contract, before payment is release in favour of any vendor. All cheque payments are signed by the Mayor and Executive Secretary and then reconciled with the bank statements on a monthly basis.

Government Grants

Government grants relating to costs are deferred and recognised in the income statement over the period necessary to match them with the costs that they are intended to compensate. Government grants relating to the purchase of property, plant and equipment are included in non-current liabilities as deferred government grants and are credited to the income statemt over the expected lives of the related assets.

Foreign Currencies

Items included in the Financial Statements are measured using the currency of the primary economic environment in which the Local Council operates. These Financial Statements are presented in €, which is the Council's functional and presentation currency.

Inventory

Inventory is calculated at lower of cost and net realisable value.

Profits and Losses

Only profits that were realised at the date of the Statement of Financial Position are recognised in these Financial Statements. All foreseeable liabilities and potential losses arising up to the said date are accounted for even if they become apparent between the said date and the date on which the Financial Statements are approved.

Cash and Equivalents

Cash and Cash Equivalents are carried in the Statement of Financial Position at face value. For the purposes of the Cash Flow Statement, cash and cash equivalents comprise cash in hand and balances held with banks.

MSIDA LOCAL COUNCIL
NOTES TO THE FINANCIAL STATEMENTS (continued)

2. ACCOUNTING POLICIES AND REPORTING PROCEDURES (continued)

Local Enforcement System

Msida Local Council formed part of the Central Joint Committee from September 2002 until August 2011. The amount disclosed in the financial statements under Local Enforcement Income represents the share of profit derived from the Joint Committee after deducting the related expenses, together with penalties issued for Pre-Pooling Debtors. As from September 2011, the Msida Local Council now forms part of the Central Region for Local Enforcement.

Critical Accounting Estimates and Judgements

Estimates and judgements are continually evaluated and based on historical experience and other factors including expectations of future events that are believed to be reasonable under the circumstances. In the opinion of the Executive Secretary, the accounting estimates and judgements made in the preparation of the Financial Statements are not difficult, subjective or complex, to a degree that would warrant their description as critical in terms of the requirements of IAS1 (revised) – 'Presentation of Financial Statements'.

Capital Management Policies and Procedures

The Council's capital consists of its net assets, including working capital, represented by its retained funds. The Council's management objective are to ensure that the Council's ability to continue as a going concern is still valid and that the Council maintains a positive working capital ratio. To achieve this, the Council carries out a quarterly review of the working capital ratio (Financial Situation Indicator). This ratio was positive at the reporting date. The Council also uses budgets and business plans to set its strategy to optimise its use of available funds and implement its commitments to the locality.

Financial Instruments

Financial assets and financial liabilities are recognised when the Council becomes a party to the contractual provisions of the financial instrument. Financial assets are derecognised when the contractual rights to the cash flows from the financial asset expire, or when the financial asset and all substantial risks and rewards are transferred. A financial liability is derecognised when it is extinguished, discharged, cancelled or expires.

Financial assets and financial liabilities are measured initially at fair value plus transaction costs. They are measured subsequently as described below:

Financial Assets

For the purpose of subsequent measurement, financial assets of the Council are classified into loans and receivables upon initial recognition. Receivables are subject to review for impairment at least at each reporting date. Financial assets are impaired when there is any objective evidence that a financial asset or a group of financial assets is impaired. Different criteria to determine impairment are applied for each category of financial assets, which are described below:

MSIDA LOCAL COUNCIL
NOTES TO THE FINANCIAL STATEMENTS (continued)

2. ACCOUNTING POLICIES AND REPORTING PROCEDURES (continued)

All income and expenses relating to loans and receivables are presented within 'finance income' or 'finance costs', except for impairment of receivables which is presented within 'administration and other expenditure'. Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. After initial recognition, these are measured at amortised cost using the effective interest method, less provision for impairment. Discounting is omitted where the effect of discounting is immaterial. The Council's other receivables fall into this category of financial instruments.

Individually significant receivables are considered for impairment when they are past due or when other objective evidence is received that a specific counterparty will default. Receivables that are not considered to be individually impaired are reviewed for impairment in groups, which are determined by reference to the industry and region of a counter party and other available features of shared credit risk characteristics. The percentage of the write down is then based on recent historical counterparty default rates for each identified group.

Financial Liabilities

The Council's financial liabilities included other payables. These are stated at their nominal account which is a reasonable approximation of fair value.

All interest-related charges are included within 'finance costs'.

3. FUNDS RECEIVED FROM CENTRAL GOVERNMENT

ii- Capital expenditure that has been approved but not yet contracted for.	31,712	40,000

MSIDA LOCAL COUNCIL
NOTES TO THE FINANCIAL STATEMENTS (continued)

20. FAIR VALUES ESTIMATION

The nominal values less estimated credit adjustments of receivables and payables are assumed to approximate their fair values, otherwise, these have been adjusted to approximate their fair values.

21. GOING CONCERN

The Statement of Financial Position and the notes thereto, suggest that the going concern assumption used in the preparation of these financial statements is dependent on further sources of funds other than the annual financial allocation by Central Government, on the collection of debts due to the Council and on the continued support of the Council's creditors. Any adverse change in either of these assumptions above, would not let the Council to be able to meet its financial obligations as they fall due without curtailing its future commitments.

22. RELATED PARTY TRANSACTIONS

The Msida Local Council has the following related parties, exercising:

- i. Significant Control – The Department of Local Government
- ii. Joint Control – Central Joint Committee for Local Enforcement, Central Regional Committee for Local Enforcement
- iii. No Control – Arms Ltd., Water Services Corporation, Enemalta Corporation, Inland Revenue Department, Malta Environment and Planning Authority, Malta Information Technology Agency, Bank of Valletta plc., Gozo Regional Committee, South Regional Committee, North Regional Committee, South Eastern Regional Committee, Police General Head Quarters and WasteServ Malta Limited.

The following were the significant transactions carried out by the Council with related parties having significant control:

	2015	2014
	Euro	Euro
Annual Financial Allocation	496,540	480,444
<u>Key Management Emoluments</u>		
Executive Secretary	27,144	32,813
Mayor's Honoraria	10,572	10,302
Mayor & Councillors' Allowances	11,200	11,200

MSIDA LOCAL COUNCIL
NOTES TO THE FINANCIAL STATEMENTS (continued)

23. FINANCIAL RISK MANAGEMENT

The Council's activities expose it to a variety of financial risks such as market risk, credit risk, liquidity risk and interest rate risk. The Council's overall risk management program focuses on the unpredictability of financial markets and seeks to minimize potential adverse effects on the Council's financial performance.

Market Risk

The Council's interest rate risk arises from its deposits with financial institutions. The Council does not have any long term borrowings. In general, the Council's exposure to risks associated with the effects of fluctuations in the prevailing levels of market interest rates on its financing position and cash flows are not deemed to be substantial by the Councillors and Executive Secretary in view of the nature of the assets and liabilities.

Credit Risk

Financial assets which potentially subject the Council to concentrations of credit risk which are principally made up of cash at bank and debtors. The Council's cash is placed with a quality financial institution. The Council has appropriate policies to ensure that income is received from sources with appropriate credit history. In this respect, credit risk with respect to debtors is monitored continuously and the Council places a provision on any debt on which there is doubt of recoverability. Furthermore, credit risk is limited due to the fact that government-owned customers comprise a high percentage of the council's debtor base. LES Debtor balance has been provided for fully with an allowance for bad debts.

The Council's exposure to credit risk is limited to the carrying amount of financial assets recognised at the end of the reporting period and is summarized as follows:

	2015	2014
	€	€
Classes of financial assets - carrying amounts		
Trade and other receivables	91,269	39,438
Cash and cash equivalents	113,941	96,830
	<u>205,210</u>	<u>136,268</u>

MSIDA LOCAL COUNCIL
NOTES TO THE FINANCIAL STATEMENTS (continued)

23. FINANCIAL RISK MANAGEMENT (continued)

The Council assesses the credit quality of its customers by taking into account their financial standing and past experience. The Council considers the credit quality of its financial assets as being acceptable.

Included in the council's trade receivable there is a balance of €16,621 which is past due and which has been provided for.

	2015	2014
	Euro	Euro
0-30 days	2,323	1,802
31-60 days	747	4,000
61-90 days	979	792
91-120 days	626	582
121-365 days	6,557	2,676
Over 365 days	<u>9,438</u>	<u>11,341</u>
	<u>20,670</u>	<u>21,193</u>

Foreign Currency Risk

Foreign currency transactions arise when the Council buys or sells goods whose price is denominated in a foreign currency, or incurs or settles liabilities, denominated in a foreign currency. The council does not trade in any foreign currency transactions.

Interest Rate Risk

Interest rate risk mainly arises through interest bearing liabilities and assets. The objective of interest rate risk management is to optimize the balance between minimizing uncertainty caused by fluctuations in interest rates and maximizing the net interest income and expense.

Liquidity Risk

Liquidity risk is defined as financial distress, an extraordinary measure which needs to be taken to manage the Council's present commitments arising due to shortage of funds. The objective of liquidity risk management is to maintain sufficient liquidity, and to ensure that it is available within the necessary time frame in order not to create financial distress and curtail current obligations as well as future short term commitments.

At 31 December 2015, the Council's financial liabilities have contractual maturities which are summarised below:

MSIDA LOCAL COUNCIL
NOTES TO THE FINANCIAL STATEMENTS (continued)

23. FINANCIAL RISK MANAGEMENT (continued)

	Current within 1 year €	Non-Current 1 to 5 years €	Non-Current later than 5 years €
Payables	144,919	22,910	0
