1.0 Introduction and Situation Analysis

---

In the year 2014, the council will continue to make payments with respect to the Public Private Partnership Scheme for the resurfacing of roads. The council began this scheme in 2011 in which 8 major roads were resurfaced in Nadur. Naturally this project cost the council a hefty amount of funds. These are to be paid back over a period of 8 years. In 2014 the council must make payments of 20% of the total cost. This will take up a major part of the council's funds. However the council will continue with its program to resurface roads. In 2014 the council will resurface 2 roads in the central of the village and will also give the second layer of tarmac to one of the streets in the outskirts. The three year business plan also has been made with plans for the resurfacing of part of Ramla Road (under the jurisdiction of the Nadur Local Council) and Dun Anton Tabone Street. These roads will also be done with a contract for payments to be spread out over several years. The council has acquired funds through Measure 313 and Measure 125 for the embellishment of the starting point of nature trails and resurfacing of Wied Bingemma Street. These will be taken into account in the business plan as well.

Charles Said  
Mayor

2.0 Objectives, Expected Results & Strategies

---

**2.1 Mission Statement**

The council plans to continue with its present services, (ie Child Day Care centre in the summer months, summer courses, extra library hours, Elderly Day Care Centre, and various sports programs). The Council also hopes to continue to resurface several of its streets in the centre of the village as well as the outskirts of the village. To provide good contractual services to its residents.

**2.2 Values**

The council has the following values in respect to its locality.

- Preservation and restoration of the environment and cultural heritage
- Equal and just service to all residents of our locality
- Doing the utmost to fulfill its contractual obligations.

2.0 Objectives, Expected Results & Strategies

---

**3.1 Short term objectives and expected results (2013)****Objectives**

To resurface central streets in the locality.

To begin the Embellishment project at St. Peter & St. Paul Square.

To continue works at Wied Bingemma which began with Eco Gozo funds.

**Expected Results**

In the financial year of 2013 the council will resurface more streets in the centre of the village.

During the summer months we plan to have works at St. Peter & St. Paul Square begin. This will entail works on one side of the square.

The council will begin resurfacing of road from the beginning of the road where it is inhibited and continue onwards into the farming area.

**3.2 Long Term objectives and expected results (2014 – 2016):****Objectives**

To resurface the streets in the locality which have Not been resurfaced

**Expected Results**

The council plans to resurface streets that are in need of resurfacing works in the outskirts of the village as well as the remaining streets in the centre of the village.

### 3.3 Strategies

The Nadur Local Council hopes that its allocation in the future will increase rather than decrease so that the council can continue with its' work to better the community. The council has many capital projects in its plans as well social activities. It hopes that the existing cultural schemes offered by the central government will continue and that it finds sponsors for its various cultural activities. With the continuation of various restoration and embellishment schemes the council will be able to continue to embellish and upgrade it's locality through various projects. These funds along with council allocation and good planning will make its many projects successful. The council also relies heavily on the participation of its residents especially during the organisation of cultural events. With the aid of the residents the events being organised by the council have thus far been a success. The Council hopes to continue along these lines to further better its locality.
